- You are strong in implementation and need the necessary know-how to guide employees in a goal-oriented way and to motivate them according to the agreed goals and also to give critical feedback.
- You like to use your experience in warehouse logistics as well as good English and PC skills in the company to optimize performance.
- Your flexibility strengthens our customer relations and employee relations among the different locations. In addition, your entrepreneurial thinking strengthens the partnerships in our company network
- Your analytical and conceptual skills enable you to implement and help shape in-house processes

OUR OFFER

- We offer you a responsible and challenging management position in an owner-managed, growth and future-oriented company.
- You have a wide range of development opportunities with independent organization of your activities and long-term prospects in our company.
- We support your experience and ideas, which you bring into our company and can ensure you with flat hierarchies and short decision-making processes great flexibility in your work area.
- You can expect a future-oriented and fast-growing company with modern and comprehensive work areas.
- A solid training in our processes as well as a performance-related remuneration are just as self-evident as a team in which it is fun to work due to a cooperative atmosphere.
